

# COVID-19 Restrictions

NSW

## What you can do from 1 September

Some restrictions have eased – the rules on physical distancing and limits on gatherings continue to apply. You do not need to have a reasonable excuse to leave the house. Easing restrictions mean you can visit cafes, restaurants, pubs, clubs, beauty salons, tattoo and massage parlours, indoor sporting facilities (such as gyms and dance studios), community facilities, arts and craft markets, zoos and aquariums, cultural institutions (such as museums, galleries and libraries), participate in community sporting events, and travel to regional NSW.

## Physical Distancing

Always stay about 2 big steps away from other people you don't live with. Wash your hands often and don't touch your face. Stay home if unwell. Keep enough space for 1 person per 4 square metres. Businesses may request your details for contact tracing.

## Meeting in public

Public gatherings (indoor or outdoor) can have up to 20 people together, where physical distancing can be followed.

## Police

Police could give you a warning or fine or possibly arrest you if you are not following the rules and you are aged 10 years or over.

## Responding to police

You need to provide your name and address. You don't need to say any more. You can film your interaction with police in a public place if you are concerned about your rights.

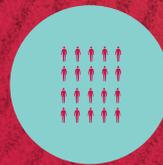

## I can't pay my rent

Get in touch with your landlord. New laws may protect you from eviction.

## Visiting family & friends

Up to 20 people can visit another house at a time (including children). Physical distancing must still be followed.

## Sorry Business & funerals

Funerals can have up to 100 people, but the venue must have at least 4 square metres per person attending.

## Elders & older people

You can care for Elders & older people but you should keep physical distancing. Avoid visiting if you feel unwell.
