

# COVID-19 Restrictions

VICTORIA

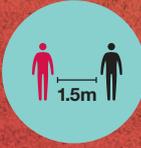

## What you can do from 29 August

If you live in a Restricted Area, you must stay at home and wear a mask when you are outside. Most businesses are closed.

You can only leave home to shop for food once a day, exercise for one hour once a day, seek medical care, go to work (if you work at a permitted workplace and have a permit), care for others and seek safety.

If you live in a non-restricted area, you must stay at home and wear a mask when you are outside. You can only leave home to shop for food or goods, seek or provide care, exercise, work or study (if you can't do it from home), and seek safety.

## Social Distancing and Wearing a Mask

Always stay about 2 big steps away from other people you don't live with. Wash your hands often and don't touch your face. Stay at home if unwell. Enough space for 1 person per 4 square metres.

All Victorians are now required to wear a mask (unless you have a medical condition or another reason).

Some businesses may request your details for contact tracing.

## Responding to police

You need to provide your name and address and you should explain that you have a reasonable excuse to be where you are. You can film your interaction with police in a public place if you are concerned about your rights.

## Police

Police could give you a warning or fine or possibly arrest you if you are not following the rules and you are aged 10 years or over.

## I can't pay my rent

New laws may protect you from eviction. Go to the Consumer Affairs Victoria website.

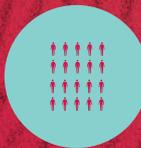

## Visiting family & friends

You cannot visit anyone and you cannot have visitors in your house.

## Community events & public gatherings

Community gatherings are not allowed.

## Sorry Business & funerals

Funerals can only have 10 people plus funeral staff. Social distancing must be followed and you must wear a mask.

## Elders & older people

You can care for Elders & older people but you should keep social distancing and wear a mask. Only 1 person can visit aged care facilities for up to 1 hour (however, at some aged care facilities different restrictions may apply).

See the First Nations Guide to COVID-19 Law - Victoria for more information
