

COVID-19 Restrictions

NT

What can you do from 2 November

All businesses, facilities and services that were previously closed or limited may now open, as long as they follow physical distancing rules and maintain hygiene.

Physical Distancing

Always stay about 2 big steps away from other people you don't live with. Wash your hands often and don't touch your face.

Police

Police can give you a warning or fine if you don't follow quarantine requirements or public health directions.

Responding to Police

You need to provide your name and address. The police should give you a chance to follow a direction before they give you a fine. You can film your interaction with police in a public place if you are concerned about your rights.

Meeting in public

You can meet outdoors in public. Try to follow physical distancing. Events with over 100 people will need a COVID-19 safety checklist.

Visiting family

You can visit family in their house but make sure you follow physical distancing.

Region restrictions & remote communities

There are no restrictions on entry into remote areas. Avoid unnecessary visits and stay home if you feel unwell. Quarantine if you are travelling from interstate or from a "COVID-19 hotspot".

Sorry Business & funerals

You can attend funerals and community events but you should follow physical distancing.

Elders & older people

You can care for Elders & older people but should follow physical distancing. Limited visits to aged care facilities possible.

See the First Nations Guide to COVID-19 Law - NT for more information
